

Remarks

Claims 1-7 as amended and new claims 15-22 are pending in the application. Claims 8-14 are canceled without prejudice. Support for the amendments and new claims are found in the specification and present no new matter. For example, basis for new claims 15-22 can be found in the original multiple dependent claims that are now canceled.

Applicants respectfully submit that the claimed compounds are ready for examination and are in condition for allowance. A prompt and favorable notice to that effect is earnestly solicited.

Respectfully submitted,

William R. Boudreaux
Attorney for Applicants
